We recommend that someone on your team purchase a local chip to replace their US cell phone company's chip temporarily, so that they will have a local Africa number. This is much cheaper when calling or receiving calls from the states. If your team member has done this, Use the following steps when calling Uganda from the United States:

1. 011 – US exit code; dial first for international calls made from the USA or Canada.
2. 256 – Country Code for Uganda.
3. Phone number – yes, there are 10 digits for both fixed lines and cell phones.

FOR EMERGENCIES ONLY:

STEVE DUVALL: **(404) 474-8656** or his Uganda Local Number **0790 389 395** (The Uganda number is subject to change.)

The IMFC's Country Leader is BENON KASIMBURA. We call him Ben. He speaks English very well and should know the whereabouts and condition of your team and its' leaders: 0782 899 910. It is very likely that he will be on the ground with your team.
